

MUM'S SPECIAL RECIPE HOLDER

Age 3+

Time

60 mins

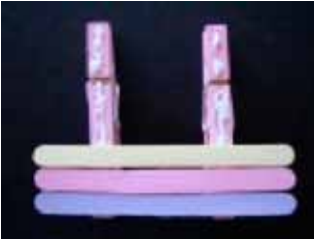

What you need:

- 16 craft sticks
- 2 clothespins
- Glue

- Paint and brush
- Foam Stickers (optional)
- Recipe card or paper

Here's how you make it...

1. Paint your craft sticks and clothes pins, any color you wish!
2. Once the paint is dry, place your clothespins beside each other a few inches apart. Put glue along each clothespin and glue 8 clothespins on one side, and 8 clothespins on the other side.
3. Once the glue is dry it is time to decorate your recipe holder. We used foam flower stickers, which you can buy at a craft or discount department store. Use any decorations you have, paint something or just leave it as is.
4. Now it's time to write out your special "recipe". We wrote a special recipe for Mom. Write your own to suit, or cut and paste ours, print it out and insert it into the clothespins of your recipe holder.
